## FOR IMMEDIATE RELEASE

### **STATE ROUTE 238/MISSION BLVD. ROADWAY REHABILITATION PROJECT Paving Continues Between Blanche Street and Interstate 680**

**FREMONT/UNION CITY** –Work continues for the State Route 238/Mission Blvd. Roadway Rehabilitation Project between Interstate 680 in Fremont and Blanche Street in Hayward. All construction activities are weather dependent.

#### **Construction Schedule**

- On Wednesday, August 10, from 8:30 a.m. to 4 p.m., the contractor will be paving the right lane of southbound SR 238/Mission Blvd., starting at Mowry Avenue and working south to I-680. Work will continue, Monday through Friday, from 8:30 a.m. to 4 p.m. During this work, motorists will not be able to turn right at intersections where asphalt is cooling. They may have to drive a distance before being allowed to make a right turn, and may experience some delays at intersections due to the inherent slow speed of paving equipment. There will be flaggers to guide motorists and to direct the traffic flow, but motorists should expect delays and take alternate routes when possible.

For more information about the project, please go to [www.dot.ca.gov/dist4/238mission/](http://www.dot.ca.gov/dist4/238mission/), and please remember to “Slow for the Cone Zone.”
